

Enhanced Benefit Level Plan 2017

Improve your health and earn enhanced benefits!

September, 2016

Dear Retiree:

Teamsters Local 251 Health Services and Insurance Plan is pleased to present the Enhanced Benefit Level (EBL) 2017 program. Participation in predetermined wellness activities may allow members and eligible dependents to receive the Enhanced Benefit Level Plan, which reduces medical and pharmacy out-of-pocket expenses. For a complete list of the EBL Plan see the information on the following pages.

To participate in the EBL program members and spouses must obtain a routine annual physical or prenatal exam with their Primary Care Physician (PCP) from 1/1/2016 to 11/30/2016. Remember, routine annual physicals and preventive services are covered at 100% for all of the Fund's benefit plans!

You may have already satisfied 1 of the 2 requirements by having a routine annual physical or prenatal exam on or after January 1, 2016.

This brochure provides a calendar of program requirements and the dates of completion. It also includes Frequently Asked Questions and the 2017 COB (Coordination of Benefits) Update Form that you need to complete and return to the Fund Office by **November 30, 2016**. Of course, this brochure only summarizes the program.
